**Crystal Tech Water**

Save money. Live healthier.

## The Ultima C9000 Whole House Filtration: System Features

WHITE

- The system is high in energy efficiency, because the cycles are fully automated for backwash cleaning and adjustable setting to customize for your family's water needs and demand, with virtually no maintenance to save you time, money and provide peace of mind. Plus with the internal bypass, you'll always have continuous filtered water during the backwash and regeneration cleaning cycles.

- Our digital display with solid state of the art microprocessor makes programming simple, and there is no need to worry about power outages because the electronic system maintains your program setting with a back-up Lithium battery.

BLACK

- The 1" flow-through valve meets NSF-Certified/National Science Foundation for water treatment and NSF/ANSI 44 requirements. It's ideal for larger homes because it supplies more water with less pressure drop.

- The Media is highly efficient premium CSAC/Coconut Shell Active Carbon commercial grade designed to be long-lasting.

- Filter vessel tank is NSF-Certified/National Science Foundation for water treatment and made from non-corrosive, reinforced fiberglass. The system's composite material is durable and corrosion-resistant.

## Residential Benefits

ALMOND

- **Tastes & Odors** - Our highly-capacity Premium Commercial Grade CSAC/ Coconut Shell Active Carbon removes and protections your family from exposure to unpleasant chlorine, chloramines, iron, manganese, hydrogen sulfides, chemicals, rotten egg odors at every outlet and many other inorganics.

- **Acidic Water** - For corrosive water due to low pH, our neutralizing CSAC media is an effective method of elevating the pH to an acceptable level.

B. NICKEL

- **Healthier Living** - Enjoy soft chemical-free filtered water for healthier skin, hair, and lungs after every bath & shower. Get unlimited healthy & delicious water at home, excellent for cooking, making soups, vegetables, pasta, coffee & tea brewing, clean odor free ice cubes and more.

- **Protects Your Home & Appliances** - The CSAC media also protects your pipes & plumbing fixtures from clogs, corrosion, & other costly water damage repairs by reducing the scale buildup up throughout your entire home. Minimizes scale buildup to improve the durability & life expectancy, of your appliances by 22% to 46% and saves you money.
